PROFESSIONAL SUMMARY

Third-Year BSIT Student at PUP Calauan Campus, graduating 2028. Aspiring Network Administrator with experience in Cisco Packet Tracer, subnetting, and router configuration. I combine technical network skills with a designer's eye for clear, usable interfaces built in Figma and Canva. Seeking an internship to gain hands-on experience with a professional IT team and contribute to secure, efficient network operations.

EDUCATION

Bachelor of Science in Information Technology

Polytechnic University of the Philippines, Calauan Campus | *Expected 2028*

• Honors: Dean's Lister, 1st and 2nd Year, both semesters (A.Y. 2024–2026).

TECHNICAL SKILLS

- **Networking:** Packet Tracer, IP addressing, subnetting, router & switch setup/security
- **Programming:** HTML, CSS, JavaScript, C, C#, Java, Python, COBOL, PHP
- **Web & Frameworks:** Laravel, ASP.NET Web API, Spring Boot, React, Vite, Tailwind CSS
- **Design & Tools:** UI/UX Design, Figma, Canva, Git, GitHub, GitHub Pages, VS Code

PROJECTS

Pokédex & Gen 1 Pokédex (Web Apps) | C#, ASP.NET, Java, Spring Boot, React, SQLite, MySQL

Built full-stack Pokémon collection and battle web applications featuring user authentication, team building, leveling, and evolution mechanics.

CCC Portal & Products Manager | Laravel, PostgreSQL, Blade, Custom Middleware

Developed routed student information portal pages with shared layouts and a PostgreSQL-backed product manager featuring migration and custom middleware.

CCC Portal link: <https://github.com/glaysamalalan00-cloud/webdev-week06-group4.2>

Products Manager link: <https://github.com/glaysamalalan00-cloud/webdev-week07-group4.2>

Small Campus Subnetting & Network Simulation | Cisco Packet Tracer, DCN Activity

Designed IP addressing schemes dividing 192.168.10.0/24 into /26 subnets, configured static routing/gateways, secured switches, and performed wired vs. wireless latency comparisons.

Student Registration Form & Jack n Poy | PHP, HTML, Sessions, C Console

Student Registration Form link: https://github.com/glaysamalalan00-cloud/WebDev_Week04_Assessment

Jack n Poy link: <https://github.com/glaysamalalan00-cloud/jacknpoy>

Created a validated PHP student registration form with session memory and a structured C console rock-paper-scissors game with single/multiplayer modes.

CERTIFICATIONS & TRAININGS

BSIT Summer Camp 2026 Participant | PUP Calauan Campus (August 12–13, 2026)

• Trained in front-end (HTML, CSS, JavaScript) and back-end (PHP, Laravel) web development through hands-on activities facilitated by senior BSIT students.
